# ASIFA HAMID KHAN

asifayusafzai@gmail.com | +91 9005852549 | linkedin.com/in/asifa-hamid-aiml | github.com/Asiiifa | asiiifa.github.io/asifa-portfolio

## SUMMARY

B.Tech Computer Science (AI and ML) graduate with experience in full-stack development, backend engineering, machine learning, and AI-powered application development. Built and deployed 3 original projects using Python, FastAPI, Flask, Django, and Flutter. Experienced in REST API development, database management, data preprocessing, and model deployment. Open-source contributor at GirlScript Summer of Code. Targeting a software engineering or AI/ML role.

## SKILLS

**Machine Learning:** Scikit-learn, NumPy, Pandas, Matplotlib, Seaborn, NLP, LLM, RAG, Speech-to-Text (STT), Text-to-Speech (TTS), Whisper AI, Random Forest, Logistic Regression, Data Preprocessing, Model Evaluation, Model Deployment

**Programming & DSA:** Python, JavaScript, Data Structures and Algorithms

**Frameworks & Tools:** FastAPI, Flask, Django, Flutter, Bootstrap, HTML, CSS, Firebase Realtime Database, MySQL, Supabase, PostgreSQL, Git, GitHub, Google Colab, REST API Development, Backend Development, Full Stack Development, AWS Cloud Foundation, AWS Solutions Architect

## EXPERIENCE

**NetNovaz** Aug 2021 – Feb 2022
*Frontend Developer Intern* *Delhi, India*

- Developed responsive frontend interfaces using HTML, CSS, and Bootstrap across 3+ projects and multiple device breakpoints.
- Resolved cross-browser UI layout and compatibility issues across Chrome, Firefox, and Safari, improving rendering consistency.
- Partnered with the frontend team to deliver feature updates across 2+ sprint cycles, ensuring timely releases.
- Implemented basic SEO improvements including content updates and on-page optimization across 4+ web pages.

## PROJECTS

**Echovani – AI Dubbing Assistant** *(Original Idea)* Feb 2026 | github.com/Asiiifa
*Python, FastAPI, Flutter, Whisper AI, STT, TTS, NLP, REST API | Backend complete – Flutter frontend in progress*

- Designed and built an original end-to-end AI dubbing pipeline using Whisper AI for Speech-to-Text and Neural TTS for voice synchronization, supporting 3 languages.
- Engineered a FastAPI backend with 5 REST API endpoints handling media upload, job queuing, and audio delivery, integrated with a Flutter mobile frontend.

**Nidra AI – Sleep Health & Stress Prediction** Nov 2025 | github.com/Asiiifa
*Python, Flask, Scikit-learn, Pandas, LLM, RAG, Chart.js, Supabase, Render*

- Trained 2 Random Forest Regressor models on 374 lifestyle records achieving ~89% $R^2$ Score for simultaneous stress and sleep score prediction across a 0–100 scale.
- Deployed Flask application with Supabase authentication on Render – live at nidra-ai-drgl.onrender.com, serving per-user prediction history with Row Level Security.
- Integrated a RAG-powered AI Assistant enabling users to query personal sleep and wellness data conversationally using an LLM backend.

**QuickEntry – Visitor Management System** *(Original Idea)* Jul 2025 | github.com/Asiiifa
*Python, Flask, HTML, CSS, CSV*

- Built a web-based visitor management system using Flask, enabling digital check-in and check-out across 1+ locations via a browser interface.
- Designed and implemented CSV-based visitor record storage, replacing manual paper-based entry with a structured local web application.

## EDUCATION

**B.Tech – Computer Science (AI and Machine Learning)** 2023 – 2026
*Dr. A.P.J. Abdul Kalam Technical University (AKTU)* *Lucknow, India*

**Diploma – Computer Science Engineering** 2020 – 2023
*ACMT Group of Colleges* *Delhi, India*

## CERTIFICATIONS

- AWS Academy Cloud Foundation – Amazon Web Services (AWS)
- AWS Solutions Architect Virtual Job Simulation – Forage
- Data Structures and Algorithms in C++ – Online Certification
- Database Management Systems (DBMS), RDBMS and Microsoft Fabric SQL – Online Certification
- Python Graphical User Interface (GUI) Development – Internpe Internship Program

## LEADERSHIP AND ACHIEVEMENTS

- Participated in GirlScript Summer of Code (GSSoC) as an open-source contributor.
- Represented GSSoC as Campus Ambassador, encouraging students to participate in open-source contribution.
- Led social media as Head of GeeksforGeeks Campus Chapter, growing chapter engagement.
